A Garden for Every Home

May, 1941

OWING to lack of importations from Holland and France, our offerings in this catalogue are confined principally to products from American and British sources. Experience last year convinced us that these may be relied on to give excellent results and we heartily recommend them.

We place our contracts with the finest growers, each a specialist in his particular field and all stock is offered with the assurance that no finer quality can be secured. Prices shown are for this quality of merchandise only. Owing to present conditions and the decided shortage in some items we can accept orders only subject to prior sale and subject to price changes which at present are not anticipated. We are a reliable source of supply and you may depend on us to treat every patron fairly.

Place your confidence in the forty years of practical experience enjoyed by every member of this company and please place your orders as early as possible.

For years it has been our privilege to supply many of the leading estates with their plant requirements and we ask your consideration when in the market for plants, either for greenhouse or outdoor use.

We have Practical Plantsmen in our organization and it will always be considered a privilege to quote on your needs. Rare and unusual subjects are a specialty with us.

Your inquiries are respectfully solicited.

BUSINESS TERMS

Prices quoted in this catalog are net 30 days and all goods are offered subject to being unsold on receipt of order. Shipments travel at the purchaser's risk after they are in the hands of any common carrier.

If your name is not on our books, may we request that you remit cash, check or money order, or kindly furnish us with satisfactory references.

To secure consideration, all claims should be made immediately upon receipt of merchandise.

Packing is charged extra at actual cost to us.

NON-WARRANTY

While we take precaution to ship only such merchandise as will produce satisfactory results under normal conditions, the nature of our products is such that we cannot guarantee description, quality or productiveness of seeds, bulbs or plants; and cannot hold ourselves responsible for the crop. Only under such condition can we execute orders for merchandise covered by this catalog.

Narcissi--Daffodils

A separate folder listing over two hundred varieties of Narcissi will be mailed on request. At the International Flower Shows in New York City in March, 1933, and in March, 1934, we received Gold Medal Awards for our Narcissi Exhibits, displaying over 200 varieties in each exhibit.

Our prices on Narcissi are based on AMERICAN GROWN STOCK which is subject at all times to our supervision and inspection and which we believe has proven superior to the imported stock offered.

Prices quoted are for selected Bulbs only. Some varieties are limited in number, therefore early ordering is suggested. Varieties not listed herein can be supplied on request.

The classification of the Royal Horticultural Society, which is as follows, is used:

Mixed Narcissi for Naturalizing

These are particularly suitable for mixed borders, for naturalizing in shrubbery, by woodland walks, in the woods by streams and lakes, or in semi-wild outlying positions. They are perfectly hardy and will flourish and increase for years. Bulbs may be planted either in partial shade or in the full sun and they seem to thrive equally well in any ordinary soil.

We recommend that a mixture of the Large Trumpets and Short Cups be planted together as in this way the flowering period is extended. Exceptionally fine mixtures are offered as follows:

	100	1000
Large Trumpets, Mixed (Round Bulbs).....	\$6.00	\$55.00
Large Trumpets Mixed (Double Nosed).....	8.50	80.00
Short Cups, Mixed	6.50	60.00

Japanese Kurume Azaleas

These Azaleas are most valuable. They present a charming array of new colors and extend the Azalea blooming period from before until after the Azalea indica varieties can be flowered.

The term **Hose-in-Hose** used in the description of some varieties applies to a compound flower which is composed of two similar, funnel-shaped flowers, one apparently growing out of the throat of the other.

AZALEA RUTHERFORDIANA

They are a distinct improvement of the type known as tender forcing varieties.

They are the result of crossing Azalea indica varieties with Japanese Kurume, but involving also, the injection of Rhododendron blood. There are three different types—Single, hose-in-hose, or Semi-double, and Double.

They are more rapid in growth than either the Azalea indica or Kurume, and an important and distinctive feature is the so-called truss structure or formation of the flowering branches of most varieties. Every variety is covered by a **Plant Patent**.

POT-GROWN

Strawberry Plants

For best results pot-grown plants should be planted from July 20th to September 1st.

By exercising care in the selection of varieties, provision may be made for fresh Strawberries from early Summer until late Fall. For the home garden at least three varieties should be planted—one of which should be an early sort, another a midseason sort, and one a late fruiting variety.

EARLY VARIETIES

100

BLAKEMORE. Originated by the U. S. Department of Agriculture. Berries are bright, light red, flesh firm, solid center, excellent flavor.....	\$8.00
DORSETT. A recent introduction which is positively destined to lead the commercial field as an extra early Strawberry. Large, bright red berries of perfect quality.....	8.00
EARLY JERSEY GIANT. Long known as the early Strawberry, without a fault and is considered the largest fruited early variety. The brilliant crimson berries have a delightful aroma and a rich, mild "Wild Strawberry" flavor.....	8.00
PREMIER. One of the best of the extra early varieties. Produces, in large quantities, berries of good size, attractive appearance and excellent quality.....	8.00
ROYAL SOVEREIGN. Early to midseason. Excellent for forcing under glass, also good for June bearing outside.....	14.00
SUCCESS. An old favorite, the bright scarlet berries are large and uniform in size, color, and shape, and delicious flavor.....	8.00

STRAWBERRY PLANTS—Continued

MIDSEASON VARIETIES

	100
ABERDEEN. Huge, bright red berries which are larger than most varieties; a strong grower with dark blue green foliage.....	\$8.00
BRANDYWINE. Large, bright crimson berries of excellent quality and flavor.....	8.00
BUNN'S SPECIAL. A glorified "Senator Dunlap," producing far more and larger fruit.....	8.00
CHESAPEAKE. One of the most popular midseason varieties, appealing equally to the eye and to the taste. The bright red berries are large, regular in form and size and of excellent flavor.....	8.00
CORSICAN. Large in plant, berry and crop, preferred by many.....	8.00
FAIRFAX. Another recent introduction, and one which cannot help assuming the leadership of the home garden as a second early berry. Its flavor is even richer than that of Dorsett, and the berries are slightly larger and very firm.....	8.00
GLEN MARY. A fine variety of large size, great productiveness and good quality. It thrives best on light, sandy soil.....	8.00
HOWARD NO. 17. A remarkably strong growing second early. Berries large, beautiful and of superlative quality.....	8.00
JOE. This most valuable variety ripens just after "Chesapeake," equals it in size, firmness and yield, and surpasses it in color and flavor; succeeds upon almost all soils.....	\$8.00
MARSHALL. An aristocrat among Strawberries, and with a little care the large, glossy crimson fruits of this delicious sort will produce the very acme of berry perfection.....	8.00
NEW YORK. A good, all-around sort, large, colorful berries.....	8.00
SENATOR DUNLAP. Firm berries of medium size, uniform in color and shape. Very prolific.....	8.00

LATE VARIETIES

	100
AMBROSIA LATE. Very fine, late variety. A month later than Premier.....	\$8.00
BIG LATE. One of the finest late varieties. Ranks with best in vigor of plant growth, productiveness and quality. Large, bright glossy red berry; excellent shipper.....	8.00
GANDY. A popular, late-fruited variety, large, bright crimson fruit.....	8.00
LUPTON. Very much like Gandy, but much more productive and about five or six days earlier. We consider this one of the very finest of the varieties fruiting late.....	8.00
NEW WASHINGTON. Popular late sort; very prolific, with firm, delicious fruit.....	8.00
WM. BELT. An all-season variety, fruiting from early to quite late; the berries are large, handsome and full flavored.....	8.00

STRAWBERRIES—Continued

EVERBEARING STRAWBERRIES

In addition to bearing a good crop in late Summer and Autumn, they also produce heavy crops of fruit as early as June. In order to be sure of a good Fall crop the blossoms should be removed from the plant as they appear from the first to the middle of July.

- | | |
|---|----------------|
| GEM. This Everbearing Sensation produces sparkling red berries uniformly large in size. They are solid red to the center, juicy, deliciously sweet and very free from acid..... | 100
\$10.00 |
| MASTODON. This is truly the largest, most delicious and heaviest yielding of all Everbearing sorts. It out-yields some of the finest June bearing sorts during their season, and continues to produce throughout the Summer and Fall berries of amazing size and surpassing quality..... | 10.00 |
| NEW PERFECTION. This Strawberry has created a sensation in the West. The fruit is plentiful and delicious..... | 12.00 |
| PROGRESSIVE. One of the most popular and prolific of the Fall-bearing sorts. The berries are smooth and uniform in size and shape, and of a deep crimson color..... | 10.00 |

Lawn Grass Mixtures

The result of many years of intensive application to the raising and selecting of Grasses suitable for lawns has enabled us to improve our mixtures greatly with superior strains saved only from selected plants. Our mixtures are easily recognized by their closer growth and improved color throughout the year. During dry periods and adverse conditions they show a remarkable resistance.

For new lawns we recommend sowing 100 lbs. to the acre. For renovating lawns use half of this quantity.

Special Lawn Grass Mixture

Our Special Lawn Grass Mixture is composed solely of the finest and heaviest seeds in the following varieties, carefully blended: **Chewings Fescue, Kentucky Blue Grass, Fancy Red Top, Colonial Bent.** 25 lbs. \$15.50, 100 lbs. \$60.00.

Park Lawn Mixture

A well-known mixture of high grade grasses that is still desired by many. 25 lbs. \$14.00. 100 lbs. \$55.00.

Shady Place Lawn Mixture

This mixture is composed of grasses that are naturally adapted for growing under trees and shaded situations. 25 lbs. \$15.50. 100 lbs. \$60.00.

Lawn Restoring Mixture

A mixture of grasses suited to take firm hold and grow quickly on hard, worn out or burned spots. 25 lbs. \$15.50. 100 lbs. \$60.00.

Lawn Tennis Mixture

Composed of fine-leaved, deep rooting grasses that will produce a fine, close, elastic turf. 25 lbs. \$15.50. 100 lbs. \$60.00.

Terrace Mixture

A mixture of deep rooting grasses suited for terraces and embankments, that takes firm hold and withstands drought and exposure. 25 lbs. \$15.50. 100 lbs. \$60.00.

Fair Green Mixture
